how to survive middle school

1. Noun _____

how to survive middle school

On the first day don't stick out. Unless there your friend don't talk to them. Try something new like football, soccer, baseball, and softball. If you can go to open house go to it look where your are at. See you get there in the least amount of time. Try your best to keep your grades up our you can't be in a sport. Be the best child in the classroom. If they ask to be your friend see what they do who they hang out with. If you don't like who they hang out _____Noun_____ say "no" it's that easy. That's how you survive middle school.
