my time in new york

Dear dad,
I met noun today at proper noun with my casting crew. I got
my acting suit signed by Noun I .ran 5 miles with Grant Gustin . I love this cast I work
with. We ate ice cream last night. We are making the next season today. They will put it on t.v. in a week. A
different thing for me is the suit. Everybody is saying that season 1 is worse then season 2. My casting crew says
that I play
carved Nicholas's bow into my bow I used to hunt with.
Sincally,
Nicholas Robert Boyd
