My favorite sport is baseball. It's so much Adjective. I like to Verb the ball and then run. I'm the Adjective - Ends in EST runner on my team. I can't catch the ball, though. Whenever I try it hits me in the Part of Body.

I also like to go to the Location to go swimming. There are so many cool Noun - Plural.

I don't like football, because I'm very Adjective, and football players are very Adjective. Football is kind of Adjective.
