Job application

Hello my name is First Name of a Person and I'm looking for a job as a Job. I have many special talents that will Verb me with my job. They are talent, talent and talent. I think I will be good at this job because I've always wanted to be Same job even though I'm only Age. My life is very Adjective although Adjective at times. But I always Verb - Base Form through it. My Relative is very Emotion for me to work as a Same job even though I'll have to travel here from Location. I think I'd be very good as a Same job because I always would play as one when I was Age. It's my dream and I would really love it if you would choose me. I got an Grade in School subject and in home School subject which is good. Even though I would really love to be a Dream job that is not possible so I would like to be a Original job. I hope you like my application and would consider choosing me.

Sincerely your future employe (hopefully)
