Pillow Fight

The last time I went to a sleepover, a _____ Adjective pillow fight broke out. Out of nowhere, _____ Female
name grabbed her _____ Adjective, fluffy _____ Noun and began swinging it at anyone close to her. Soon
everyone else joined in, and at one point, I got hit right in the back of my _____ Part of Body. As soon as I
recovered, I tossed my _____ Noun at _____ Same female name's _____ Plural body part, but I missed. Instead I
knocked over an expensive _____ Noun and my pillow split open. _____ Noun - Plural flew everywhere. The
fight stopped when we all broke out in _____ Adjective laughter, but the fun ended when we realised, we had to
clean up the _____ Adjective mess.
