# Terrorism Won

Hello Something Adjective. First of all, I would just like to specify that this is not my Noun,  
this was loaned to me to make this post. I understand that Repeat Last Noun sharing is against the rules, but  
hopefully , an exception will be made. I will not be using this Repeat Last Noun for long. Proper Noun is  
going to be giving me my own Repeat Last Noun tomorrow. He has not read this post yet, but I do have his  
permission to post it.

I am Kiwi Farms user 'OwO What's PICK ANYTHING?' you might have recognized my Noun  
from this Adjective YouTube video:

First of all, something to understand: There was never a Adjective war with Something Adjective,  
at least not from our perspective. Verb - Present ends in ING in our community served several purposes, but  
believe it or not, none of them was harassment. With respect to your community, it was a tactic used to  
Verb - Base Form social bubbles, damage Adjective spaces, and lift a Part of Body up to your  
community. In that respect, it worked wonders, despite cucking up hilariously a couple times - like when a  
'double agent' informant got us to Verb - Base Form the Goatse guy. Let me tell you, I found it HILARIOUS  
, but there were those behind the scenes that were quite Adjective about the Noun. Whichever  
Noun got us with that deserves a Type of Operation.

Which... brings me to that unfortunate Noun. Null is a huge believer in free Verb - Base Form, and would allow just about anything to be Verb - Past Tense on his website so long as it was Adjective.  
And whether or not you agreed or disagreed with our methods, it was Repeat Last Adjective. He sees the world as becoming too big and complicated for any major public figure to face any sort of scrutiny for their actions unless it came at the sacrifice of Name of Community. In other words, with the incomprehensible amount of people involved in influencing the world around us and the field of Subject becoming an entertainment industry, Kiwi Farms was viewed as the Adjective - Ends in EST of evils. If it meant to have the bent duck pics of Proper Noun to get to the bottom of who is accountable for Proper Noun, so be it. It is so easy in this day and age to Verb - Base Form things under the Noun, and if Kiwi Farms hadn't existed when it did, Proper Noun wouldn't have been exposed as a pedophile.

But finally, a line was crossed. Voldemort's Verb - Base Form of his mother finally became too Adjective for him to bear. His campaign involved sending childing pornography to everyone involved in her Noun career under an endless supply of pseudonyms. Her Repeat Last Noun license was revoked. And something else happened very recently that he has not gotten into, not even with me, that finally convinced him to PICK ANYTHING the entire website.

Terrorism won.

As

a final plea, I want you to consider some of the \_\_\_\_\_ Noun - Plural \_\_\_\_\_ Null shared, as distasteful as you might find them. Look at the world around you and compare it to the world of years past. In many ways, it has gotten better, but I have never seen \_\_\_\_\_ Verb - Base Form \_\_\_\_\_ like this before. Mob rule is becoming the norm, we're not controlled by \_\_\_\_\_ Proper Noun \_\_\_\_\_ anymore, but an extremely vocal minority whose endless \_\_\_\_\_ Noun \_\_\_\_\_ for \_\_\_\_\_ Fetish \_\_\_\_\_ triumphs over people who just want to \_\_\_\_\_ Verb - Base Form \_\_\_\_\_ their \_\_\_\_\_ Noun - Plural \_\_\_\_\_.

Don't let Something \_\_\_\_\_ Adjective \_\_\_\_\_ become like that, I beg of you.

Thank you for your time.
