The bad guy.

one day a group of Noun - Plural where walking in the Noun - Plural.

they started picking on people I new they were trouble right

when I saw them.so I went up to them and said hay quit it.

but they just got mad and they started kicking we and punching me.

but soon or later they left.I was glad they left.I just new I had to do something

about it.So that night I went back in the Noun - Plural and saw them.

They said o its you again want to get beet up again I didnt say anething.

i just backed up and said stop.So this time it was diferant this time I

grabed one by the arm and twerled him.well there were three of them so

it was more Adjective grabed the other two and punched them.
