In a galaxy far far away

It is a period of civil Noun. Rebel spaceships, striking from a hidden base, have won their Number victory against the evil Galactic Empire. During the battle, Rebel Noun - Plural managed to steal secret plans to the Empire's Adjective weapon, the DEATH Noun, an armored space station with enough power to destroy an entire planet.

Pursued by the Empire's sinister agents, Princess First Name of a Person races home aboard her starship, custodian of the stolen plans that can save her people and restore Noun to the galaxy....
