# My Smartphone

I got my first smartphone when I was \_\_\_\_\_ Number years old. It was a \_\_\_\_\_ Name of Company Galaxy. Now I am completely addicted to \_\_\_\_\_ Verb - Present ends in ING it. Each day, I use my phone for about \_\_\_\_\_ Number hours.

My favorite app on my phone is called \_\_\_\_\_ Noun delivery. Using that app, I can have \_\_\_\_\_ Noun \_\_\_\_\_ Verb - Past Tense to my house any time of day. Many major companies, such as \_\_\_\_\_ Name of Company and H& \_\_\_\_\_ Letter, now have apps. My friend \_\_\_\_\_ First Name of a Person even made an app that helps people find \_\_\_\_\_ Noun - Plural in their neighborhood.

Some people say that phones are \_\_\_\_\_ Adjective. But I don't agree with these \_\_\_\_\_ Adjective people. It's true that phones can be used for goofing around and \_\_\_\_\_ Verb - Present ends in ING time . But there is no doubt that smartphones have made our much more \_\_\_\_\_ Adjective.
