# Our wonderful little buddy

Last month my Daughter, Ashly \_\_\_\_\_ Adjective to bring a \_\_\_\_\_ Adjective German Shepherd home. He was a \_\_\_\_\_ Adjective dog, but completely out of control. The dog went outside in the yard, and proceeded to break through the fence. Well, he ended up running down the street with my \_\_\_\_\_ Adjective family behind him. We finally caught him and put him in the house. While he was in the house the dog jumped up to the window, knocked down the blinds, and went \_\_\_\_\_ Adjective through the screen and into the yard, through the fence and back down the street. I finally caught up with him, and took him to the house. He finally settled down by my bed and fell asleep, I guess he was all \_\_\_\_\_ Adjective out by then. I knew we could not keep him, so I remembered \_\_\_\_\_ Adjective couple that had mentioned to me they were \_\_\_\_\_ Adjective for a dog. I contacted them and they took gladly took him. I was so \_\_\_\_\_ Adjective to have found him a great home, and my cat and I are doing \_\_\_\_\_ Adjective without him.
