|   |
| medical professional has checked my Part of Body waves and asked me Adjective questions             |
| while I was asleep and he tells me that it isn't, it isn't anything important - it's just like the  |
| trembling of anAdjective race Animal in the verb Present ends in ING gate.                          |
| I couldn't say about that; I've never been a race But the fact is: I'm scared Adjective             |
| every time.   |
