# Funny Fergie (recommended for young children under 5)

Funny Fergie, the black Animal, loved to play favorite song on his instrument. Waking up excitedly to start the day, he'd play game with friend name. On the best days, Mom would make him shape plural food for supper. That would make any day great, except for the boo-boos on his Part of Body. At night, Funny's dad would help him get ready for bed by brushing his teeth with fruit toothpaste and putting on his Adjective critter Noun Plural on himself. After he's in bed, he tells Grandma tomorrow is going to be Adjective!
