Sarah and Brendon Urie

I was casually _____ *Verb Past Tense* _____ to music studio to record for the new album. As I was walking, I stopped to find a _____ *Adjective* _____ and _____ *Adjective* _____ *Adjective* _____ dog _____ *Proper Noun* _____. It caught my eye because of vibrant and bright colors. I looked closely at the engraving on the tag. The owner's name was Sarah, and the dog's name was Penny.

Out of nowhere, a girl with her dog walks up to me, but with a dog next to her. The dog was a bit _____ *Comparative* _____ though. "Hi. I'm Sarah. I believe that is my dog's collar you found," She tells me with a smile . "Uh yeah sorry. I'm Brendon by the way." I smile and hand the collar to her. "nice to meet you, Brendon." She says as she grabs the collar and puts it back on the dog that I assume is Penny.

The tag falls off the collar as she's putting it on. She sighs and says, "_____ Demonstrative _____ Demonstrative _____ Demonstrative _____ Demonstrative _____ Demonstrative _____?" She asks. I smile, pick it up and give it to her. "Thank you. I'll have to fix it later. But hey, maybe we can hang out sometime?" I blush a little, give her a warm smile and nod. She hands me a slip of paper with her number on it and smiles. "Thank you, again for finding this and giving it back. I thought I'd have to get a new one." She explains with a giggle. "You're welcome, Sarah." I respond with a small smile.

Finally, she walks off, and about two hours later, I text her. We started hanging out and talking for awhile, eventually started dating, and years later we got married. We have two dogs Bogart and Penny, and we're a very happy family.

The

end.
