A Red Flower

Your Part of Body are like a southern lily Adjective,

Wet with the soft rain-kisses of the night,

In which the brown Animal buries deep its head,

When still the dawn's a silver sea of light.

Your Repeat Last Part of Body betray the secret of your soul,

The dark delicious essence that is you,

A mystery of life, the Verb Present ends in ING goal

I seek through mazy pathways Adjective and Adjective.

Your Repeat Last Part of Body are the Repeat Last Adjective symbol of a dream,

What visions of warm lilies they impart,

That line the Adjective bank of a fair Adjective stream,

With Animal (plural) and Animal (plural) close to each Part of Body!

Brown Repeat Last Animal that murmur sounds of music rare,

That Adverb fall upon the langourous breeze,

Wafting them Adverb on the Adjective air

Preposition

untended avenues of trees.

O were I hovering, a Repeat Last Animal, to probe

Deep down within your scented Part of Body, fair flower,

Enfolded by your soft vermillion Noun,

Adjective of sweets, for but one perfect hour!
