10.	Noun Plural

Police

Being a police officer can be risky work, at any time or place a group of can jump out of
nowhere and you. For example, on one occasion, I was patrolling the
region when i saw a man laying down on the road, i stopped to make sure he was but when i
got out of my car he stood up and started from me, I was and started following
suit. Once we rounded the i realized the man was now standing on top of a,
yelling obscenities. I hit him with the and put him in handcuffs, once I returned to my car i
noticed it was spray painted and there was a group of running North East, I decided not to
chase them.
