Soccer

Soccer is an Adjective sport that helps you stay Adjective. My favorite position to play is the goalie. Once, my friend tried to play goalie but got hit in the Part of Body at least Number times, and let in Number goals. Luckily, I'm Adjective at it. Our team has lost Number games and won Number. Even though soccer is fun, you could get seriously hurt. I got a Number once. My best friend, First Name of a Person, broke her Part of Body; and she wasn't even playing! Even though it may be dangerous, it is still the Adjective Ends in EST sport ever.
