## Taking the dog for a walk

One fine $\qquad$ I looked outside and decided to take our family $\qquad$
$\qquad$ for a walk. He jumped $\qquad$ as I put his leash on and opened the door.

We had walked a few paces when I noticed a $\qquad$ noise. I looked over the neighbours
$\qquad$ to see a $\qquad$ in a $\qquad$ . It $\qquad$ at us $\qquad$ .
$\qquad$ began to bark like crazy, and suddenly it $\qquad$ down and ran inside.
$\qquad$ I carried on to the park.

When we got there $\qquad$ best friend $\qquad$ the $\qquad$
$\qquad$ was there. They played $\qquad$ together for a while while I $\qquad$ with his
owner. "Have you finally managed to teach him to $\qquad$ yet?" He asked " $\qquad$
" I said $\qquad$ . At last $\qquad$ was tired and it was time to go home.

On the way home $\qquad$ leash broke and he ran straight into a $\qquad$ . "Come out of there!" I called. He came out $\qquad$ , holding a whole $\qquad$ . Where on earth did you
find that? But he had wolfed it down before I had time to stop him.

When we got home, $\qquad$ went straight to his $\qquad$ fell asleep.
