# Sports

My favorite sport is soccer. I like soccer because it is really Adjective and I am on a team. Another reason why I like sport is because when you score it feels so awesome. Other sports I like are Verb Present ends in ING esports and basketball. The reason why I like swimming is because it is really fun and I am pretty fast. I also like swimming because we do fund kinds of relays. Such as Verb Present ends in ING with a shirt and take it off without help. I want to go to the next world cup so I can see some of the best players in the Noun. When I grow up I want to become a sport player because I will get to meet soccer legends.
