The Weird Robber

Last night, a robber broke into a house with a a thing. The police said that the robber broke in from the room in a house. The robber stole a iPhone number and a Amazon number yen gift card. It appears that the robber squirted some liquid to erase his fingerprints on the door knob. According to a witness called Mr. name the robber was a male and his height was about 176cm. He also said that the robber was running happily to his type of car as he left the house. Mr. same name said he would recognize him if he sees the robber again because the robber had a Adjective part of body.
