Computa!

I love playing _____A Game_____ on my computer, probably you do too. But if you really love your computer, you should know what your computer is made out of. It is made out of metal and Steel and _____A Hard Thing_____ thing for the cover. For the designs, apple sign, and stuff, it will be made out of _____Metal_____, _____Metal_____, or _____Metal_____. The mouse is made out of plastic. Inside, the battery is _____A Number_____ percent max and goes for _____A Number_____ seconds. The speaker will be _____A Number_____ meters wide and _____A Number_____ meters long. They make your computer Light. Now that is what your computer is made out of. Oh, and just to let you know, your computer costs _____A Big Number_____ Yen.
