Candy's Story

Mad	lib
-----	-----

Candy was born in September 1948, the oldest of four children. She lead a very life for
about 17 months until the arrival of Penny, a and skinny child who had a bad case of colic
which drove everyone crazy. Her parents, sensing early on that she would no doubt turn out to be very high
maintenance, as she still is today. They were beside themselves as to the best course of action, but they bided
their time, deciding they better wait until she was of marrying ageand then she would be someone else's
problem. Oh, what a relief it was! Or was that alka Seltzer?
Back to Candyshe was very kind to Penny, always looking out for her, Verb Present ends in ING her when
she was scared of the dark or going with her at night to go to the bathroom which was a frequent occurrence
as it still is today. However, as evidenced by her facial expression in old photos, she highly of
Penny's penchant for posing nude in photos, which is NOT the case today. Apparently at age 1 or 2 this was
inappropriate in Candy's
eyes.

Candy was popular at school, especially with the teachers, probably because she was a teacher's pet. She studied hard, achieving excellent grades, winning awards and always soaring to the top of her class.
