A Story of Mr. and Mrs. Paul and Hannah Lewis

On a beautiful sunny summer afternoon in August, Hannah and Paul were lounging around _____
_____ enjoying the company with each other. Hannah was on _____ looking at
_____ videos of _____ and _____ when she turned to Paul and said " you
know, I bet you that if I think about animals long enough I'll cry". Paul laughed, half of him probably thinking
that his _____ was crazy and emotional, while the other half _____ her. Hannah after all
is a big _____ fan. That night after a day out and about they get back to Paul's _____ and they
are watching TV when Paul gets on his _____ and watches a video on his FaceBook. He _____
_____ and Hannah kept watching TV. Then he turns to her and says.... " You know babe, bumble bees are
going extinct." Not more than a second later Hannah is in tears _____ and _____
_____ simultaneously because the most adorable puffy creature on the Earth may not exist for her
children to awe over or for her to _____ stumble through the garden. Paul finds this hilarious that
she actually meant it when she said she could easily cry about any _____ as he tries to comfort her while
laughing at the same time. Needless to say, Hannah's _____ was ruined and she thinks about the dying
_____ everyday.

Later that week they decide to go to the usual _____ down the road to eat spinach dip
and help Paul to find the perfect _____ to rave to his friends about. As they are _____
_____ there and Hannah is staring at her _____ on the rocks, the bartender is making small talk with
us and walks away. Paul now finds this to be the appropriate time to bring up the _____ dying. Full
restaurant,

full _____, _____ standing an arms length away.. And he thinks it will be funny to see what she does this time. With _____ high and a little salty that all she has is a water to drink due to _____, Paul says " Hey babe... remember the _____?" Hannah takes a deep breath telling herself to toughen up and be a _____, and then once again without fail begins to _____.

She puts her head down at the bar and says a couple choice words at him while also _____ since she is in fact surrounded by lots of people, and once again is _____ about a bug.

It has been three months since the bug incident, and Hannah is still scarred and Paul still finds it hilarious that he is marrying such a bug and animal freak. If she can cry about a _____ I cannot imagine what else she gets hormonal about. Don't even get me started about the last time she saw a _____ limping across the road she imagined the horrors it had gone through and began to cry for about an hour. But that is a story for another occasion.
