Operations Management

1. Noun _____

Operations Management

When I first received the news that we would not have enough cash to cover our holding cost, I shouted _____ (exclamation). To fix this problem we need to _____ (action) a bank. Hopefully, the boss doesn't _____(action) me when I tell him about this predicament. Before I went to talk to the boss I took another look at my _____(noun), hoping to gain some confidence. It didn't work. As soon as I broke the news to him, he called me a(n) _____ (adjective). In the past, this type of word truly angered me, but today all I could do was _____ (action). I promised the boss I would calculate a better way to order raw _____Noun_____ as to _____ (adverb) costs. The boss was so _____ (adjective) he hugged me for _____ (number) seconds.
