Fruits

My best friend loves fruits. She likes a <u>Adjective</u> fruit called <u>Made Up Word</u> that I haven't heard of. she also likes to <u>Present Verb</u> while eating fruit. "<u>Exclamation</u>," she exclaims," I am at that, because you usually don't like fruit <u>Present Verb</u>." She said this because I had started <u>Verb Base</u> <u>Form</u> with my <u>Fruit</u>. I, embarrassed, put my <u>Fruit</u> away and joined the no-fruiterers party but I couldn't help <u>Verb Present ends in ING</u> over to the fruiterer side and dancing with my <u>Fruit</u>.
