15. Noun Plural

How I Met Joey

I first met Joey on a Adjective afternoon in the middle of a Event. I was just Verb Present
ends in ING by to get an Food cream from down the street when I saw him painting a Noun
alongside his wife Full Name of a Person. He was wearing a Adjective poncho and had long
Adjective hair. He stopped painting long enough to tell me that the sidewalk further along the street was
closed because of an Animal - Plural parade being hosted by the City of San Jose. Thankfully he knew a
secret way to the Food cream shop and gave me directions. After we chatted for a while about
Part of Body, then he went back to painting the Noun with his wife Gwen. As I Verb Past
Tense away he shouted these words of wisdom to me: Make sure you always keep some Adjective
Noun Plural in the bottom draw of your desk!
