Night Time

Time of Day - Night -Day -Noon time is the worst. Who has time to sleep when there are so many
things to do! I would rather play with my, play a game on my
Noun , or talk to my Proper Noun Plural! And why do the best TV shows come on at Time
of Day - Night -Day -Noon ? I never seem to be tired so falling asleep is Plus, I never really
anyway. I only close my eyes for a few seconds and suddenly it is day time again! I wish
our bodies didn't need sleep. It is just a waste of time that I could use for more time!
