MitchLibs! Mitch Hedberg One Liners Vol. 2

I had a Adjective Food when I was a Animal. I was a Animal. I was supposed to go to 2,000 Noun Plural... or two Noun Plural.

I had one Noun. That's why I didn't have two Noun.

My Animal holds up my pants and my pants have Adjective loops that hold up the Food. Who is the real hero?

I order the Animal Food all the time. And I'm not even a Part of Body, man. I don't know how I get away with it.
