Infinity Petition Letter

Dear Macnom:

We, the undersigned, hereby request that Eric Holniker steps down from his position as Infinity team

_____ *Noun* _____. We find Eric to not be capable of the _____ *Noun Plural* _____ required, and explain why in the

passage that follows.

Well known for his refusal to _____ *Verb Base Form* _____, Eric has often requested meetings between _____ *Noun*

Plural _____, but he himself has not been to all of them. While he states that it is primarily due to a _____ *Noun* _____

that he opened, this has made us question whether he has taken on too much and needs to _____ *Verb Base Form* _____.

Throughout this entire process, Eric has requested that we not contact either _____ *Proper Noun* _____ or any other

member of the Andamiro team for clarifications on our _____ *Noun Plural* _____. While we were given _____ *Noun*

Plural _____,

the primary lesson we learned is that all of the details were to come to us through _____Proper Noun_____ . This

allows for the possibility of us receiving _____Adjective_____ information, and so far, this has proven true.

We were given a deadline to have _____Adjective_____ content complete. This included the step charts, the interface

, and the _____Noun Plural_____. When we heard of the deadline, we had to act _____Adverb_____ for some parts.

Asking _____Proper Noun_____ for permission to use their _____Noun_____ was one such action. If we knew we'd

have more time, we would've worked on a _____Adjective_____ solution. The only reason the team became so large

and _____Adjective_____ is because Eric kept our actual deadline hidden and was often out to _____Verb Base Form_____

others who refused his pursuits.

It is our understanding that this project requires _____Noun Plural_____. However, a number of people are already

aware of _____Proper Noun_____ . We've also heard reports that Eric has promised many others a place on the

_____Noun_____. We understand some of us may no longer be on the _____Repeat Last Noun_____ due to decisions

beyond our control. Adding more people to the project with the intention to later _____Verb Base Form_____ them is

counter-productive.

A leader is supposed to be able to _____Verb Base Form_____ his team. However, Eric had under him a number of

people he did not _____Repeat Last Verb Base Form_____ for one reason or another often trying to bring down our

_____Noun_____ by stating this secretly to other members of the team. Never have we heard Eric speaking

positively

of _____Noun Plural_____.

In a background search on Eric, we've found he has a _____Noun_____. To compound matters further, Eric has been loaned _____Noun Plural_____ many times from a number of sources and has rarely been able to _____Verb_____ _____Base Form_____ them back. _____Noun Plural_____ try to reach him often, and we feel this is unfitting of someone supposed to lead an Andamiro development project.

We feel Eric does not have the capabilities of being a _____Noun_____. To be honest, we feel Eric is poisonous to the team's _____Noun_____, with his presence hurting the ability to _____Verb Base Form_____ the project.

We would like to communicate with you more based on the contents of this letter via e-mail, Facebook, or _____Software title_____ . Please let us know when we can _____Verb Base Form_____.

Sincerely,

The Infinity Development Team
