Our business was with a simple mission - to be the champion for customers, helping them to
enjoy a better quality of life and an easier way of living. This hasn't changed. Customers want great products at
great value which they can easily and it's our job to deliver this in the right way for them.
That's why 'Serving shoppers a little better every day' is our core purpose. As a business, serving customers is a
the heart of everything we do from colleagues in our stores to those of us in supporting roles.
In the UK, we serve some 66 shoppers second, so it's our goal to ensure every one of those
customers experiences just a little better service on each visit.
