## **Animorphs**

We can't tell you who we are, or where we live. it's too	Adjective , al	nd we've got to be	Adjective ,
really The thing you should know is that e	everyone is in re	eally big trouble. Yeah.	Even you.
My name is I won't tell my last name or who	ere i'm from. He	ere's what I can tell you	about myself.
I'm for my age. I have hair	r. I like <u>но</u>	bby Hobby	_, and a good
fight with the Adjective group EG organization team or polit	ical party . No	ot necessarily in that or	ler.
People say i'm, and I guess i'mAdjective			_, and I know
what's My closest friends think i'm	Adjective . the	y're wrong.	
I feel from the minute I wake up in the mo	orning until my	ast <u>Noun</u> at n	ight.
There are six of us	l - Plural ,	six minus the previous number	
Animal - Plural . Aside from me there's Name	, my more	Adjective Relativ	e EG sister
cousin boyfriend ; Name , my personal Noun	; Name	, my best friend for _	period
of time EG two weeks or one year ; Name, who was trappe	d forever in the	body of a Animal	; and
Name , the only Animal in Place name	<u> </u> .		
It all began with an innocentthrough a	an abandoned _	premises EG bakery or theme	park site

night of us were heading home from the shopping mall. But a damaged
landed right in front of us and from that point on nothing was again.
We are not alone in this universe. on other planets, highly life evolved. there are races like the
Ellimists, who makelook as dumb aslook as dumb as There are the hork-bajir, the
taxxons, and then there are the yeerks who enslaved them. They are parasites, just
really. you could step on one and squash it like a But the yeerks
into other species' heads. They out their bodies, verb Base Form out their bodies, verb Base
themselves around the brain, and take control.
But we have one weapon against them: the ability to morph into any animal we can touch.
I've morphed several animals to fight the yeerks. I've morphed an and felt the Adjective
it's amazing agility. I've even morphed a and felt the and and of
verb Present ends in ING above the city, verb Present ends in ING on the air. The others all have their own
battle morphs too: Animal - Plural , Animal - Plural , Animal - Plural we even morphed
one time, but never again; none of us are willing to deal with the,
mindless instinct to Verb Base Form .

The point is, the yeerks won't take over	Place	_, so long as i'm around to stop them.
