The ? that caught Ko'vid

The Noun closed promptly behind him.
"Greetings, Wizard", the tall midget, a member of the species uttered
"Greetings, Ko'vid", the wizard, in his SHINY garb replied
"You know what I'm here for, Wizard", said Ko'vid, biting into his apple, that I'm just
mentioning now
"I do. You want to my K pop collection"
"You are mistaken, myAdjective Ends in EST wizard. I am a warrior. I have no need for your futile
intellectual distractions. The horns of battle, the erhus of tragedy, the of, that
is what I live for. No, I'm here for that!
" This?" The wizard says, pointing to his
"No, behind you, next to the Adjective Animal"
"Oh, you mean the ORB OF MILD WISH GRANTING"
"Yes, that but with no capital letters"
"Ah, ok, it's yours, I just used it as a paperweight for my Kpop albums"
Ko'vid was "Must be a trick". Wizards are known for their tricks and love of capital
letters.
"Can I really have the orb of mild wish granting, then?"
"If you so wish, of course"

Ko'vid was striding Adverb towards the orb, an exact copy materialized in his hands. His wish was
granted, mildly.
He left, trail of behind
What he didn't know was that HIS orb would never grant him any wishes. The wizard smirked. He looked at his
poster. They both smirked.
"It's so tiring having to deal with warriors all of the time. I wish this never happened"
