Work From Home Diary

Dear Diary,

I am working from home these days. I have been Adjective and a little Adjective. My routine looks different than it did when i was going into the office every day. Now the first thing I do when I wake up is Verb Base Form Noun and put on my clothing . Then I have Food for breakfast and get to work. I have a lot of virtual meetings during the day. The most Adjective Ends in EST thing to happen to me during one of them was when family member walked in during a meeting with someone you have a meeting with wearing a Noun on their Part of Body.

In the afternoons I try to send at least number GIFs to someone on your team, to let them know I'm thinking of them and make them feel emotion. I think it's Adjective that they only respond to me type of Animal GIFs.

When I need a break from my computer, I go to the room in your house and Verb Base Form Noun Plural. Sometimes I take extended breaks to practice juggling Noun Plural or binge-watch favourite childhood tv-show while eating a big tub of Food. Overall, I really Verb Base Form working from home. I hope that we go back to the office in month.
