78. Location

# How The Dough-Girl Became Real (part 1)

\_\_\_\_\_ Female First Name 1 \_\_\_\_\_ Female First Name 2 \_\_\_\_\_ (\_\_\_\_\_ Initials of the previous 2 names \_\_\_\_\_ for short) was just an ordinary \_\_\_\_\_ Gender (male female girl boy woman man etc) \_\_\_\_\_. She used to be super \_\_\_\_\_ Verb Base Form \_\_\_\_\_ and to herself most of the time. Even in \_\_\_\_\_ Location \_\_\_\_\_ she used to sit in a back corner seat in class and kept her \_\_\_\_\_ Part of Body \_\_\_\_\_ Direction (up down etc) \_\_\_\_\_ or just dazed off. Now she's \_\_\_\_\_ Number \_\_\_\_\_ (legal age where she's from), living all alone, and no longer in \_\_\_\_\_ Location \_\_\_\_\_. So she didn't have to worry too much about \_\_\_\_\_ Location \_\_\_\_\_ anymore. Yet she still keeps to herself. The only times she has \_\_\_\_\_ Verb Past Tense \_\_\_\_\_ normally is when a/an \_\_\_\_\_ Occupation (cashier waiter etc) \_\_\_\_\_ at \_\_\_\_\_ General Location - Plural \_\_\_\_\_ and \_\_\_\_\_ General Location - Plural \_\_\_\_\_ would \_\_\_\_\_ Verb Base Form \_\_\_\_\_ to her... usually when it came to \_\_\_\_\_ Verb Base Form \_\_\_\_\_ for things or \_\_\_\_\_ Verb Base Form \_\_\_\_\_ things.

Before we get into her story too much, let me tell you some information about \_\_\_\_\_ Initials (repeat from previous) \_\_\_\_\_... her \_\_\_\_\_ Part of Body \_\_\_\_\_ was a/an \_\_\_\_\_ Verb Base Form \_\_\_\_\_ Verb Base Form \_\_\_\_\_ Color \_\_\_\_\_ and was a/an \_\_\_\_\_ Gender ending in LY or ISH (boyish girly etc) \_\_\_\_\_ cut just down to about a/an \_\_\_\_\_ Unit of measurement - singular (inch centimeter foot etc) \_\_\_\_\_ from her \_\_\_\_\_ Part of Body - Plural \_\_\_\_\_. Her skin was a slightly \_\_\_\_\_ Duo Color (blue-green red-orange etc) \_\_\_\_\_ shade almost like a/an \_\_\_\_\_ Food \_\_\_\_\_. She was naturally \_\_\_\_\_ Adverb \_\_\_\_\_, \_\_\_\_\_ Adverb \_\_\_\_\_, and had pretty much no curves to her... unless you count the slight gut she had been trying for \_\_\_\_\_ Unit Of Time - Plural (years seconds minutes months etc) \_\_\_\_\_ to get rid of only to get no success. Yeah... she was that unlucky when it came to the whole 'loosing weight' trend. And she was about \_\_\_\_\_ Number \_\_\_\_\_ Abreviation For Units Of Measurement (CM IN MM KM FT etc) \_\_\_\_\_, \_\_\_\_\_ Number \_\_\_\_\_ Abreviation For Units Of Measurement (CM IN MM KM FT etc) \_\_\_\_\_ tall.

One day in \_\_\_\_\_ Month \_\_\_\_\_ she just got finished \_\_\_\_\_ Verb Present ends in ING \_\_\_\_\_ away all of the \_\_\_\_\_ Noun Plural \_\_\_\_\_ she had JUST gotten from a local \_\_\_\_\_ Location \_\_\_\_\_ and realized her \_\_\_\_\_ Electric or Computerized Item In A Room \_\_\_\_\_ was still on in the other room.

"That's odd. I thought I had \_\_\_\_\_ Verb - Ends in ED \_\_\_\_\_ that thing off earlier." \_\_\_\_\_ Initials (repeat from previous) \_\_\_\_\_ thinks to herself.

She goes into the \_\_\_\_\_ A Room In A House \_\_\_\_\_ and sees the \_\_\_\_\_ Electric or Computerized Item In A Room \_\_\_\_\_ was indeed on. She \_\_\_\_\_ Verb Present ends in S \_\_\_\_\_ over to it and \_\_\_\_\_ Verb Present ends in S \_\_\_\_\_ it off before \_\_\_\_\_ Verb Present ends in ING \_\_\_\_\_ back into

the A Room In A House. On her way into the A Room In A House, she hears a Type of Sound (beep boom honk bzzz etc) and assumes it was her Electric or Computerized Item In A Room signaling it was finally fully shut off. So she just shrugs it off and starts Verb Present ends in ING a Noun from its Container (box carton bottle etc) before putting it into the Appliance (microwave stove oven fridge freezer etc).

Suddenly she heard another Type of Sound (beep boom honk bzzz etc) and goes back into the A Room In A House to investigate. Only this time, when she Verb Present ends in S the room, the door Verb Present ends in S behind her making her Verb Base Form a bit when she hears the Part of a room (door window wall etc) Type Of Locking Mechanism (latch padlock etc) click into place. "What the..." she exclaims not expecting for her Part of a room (door window wall etc) to close on its own.

She Verb Present ends in S the Part of a room (door window wall etc) again only this time before she even gets to reach for the Part of a room (door window wall etc), the Part of a room (door window wall etc) Verb Present ends in S open and Verb Present ends in S right into her. Due to her daze, she was currently unaware she had literally just been Verb - Present ends in ED. Though she then hears a voice from the other side of the Part of a room (door window wall etc) entering her room...

"...And where do you think she is? Cause she doesn't appear to be here right now. And we were supposed to Verb Base Form her."

"Huh?" Was that Initials (repeat from previous - add 'S) old Location Relation - Singular (uncle friend boyfriend girlfriend husband wife aunt etc) First Name of a Person? What was he/she doing in Initials (repeat from previous - add 'S) Location? How did he/she even find it?
