

## Gallagher Edition, Christmas 2020

1. Proper Noun
2. Verb Base Form

# Gallagher Edition, Christmas 2020

Hello \_\_\_\_\_  
Proper Noun Family!

We should have known 2020 was going to \_\_\_\_\_  
Verb Base Form. Mike started off the year in the ER after getting hit in the body part with a noun. Neither kid had a birthday party due to a virus called name and we have been mostly staying home verb with each other.

Jill still works as a adjective noun and is able to work from home. That is good since the kids are e-learning and adverb driving her crazy.

Michael started high school this year and made the noun team. He practices number a week and really enjoys playing for the Riverview [plural noun].

Logan is in 3rd grade and started travel baseball. This year he asked Santa for a color noun and wants to be a profession when he grows up.

Well that about describes 2020. Here's hoping that 2021 is more adjective.

Happy Holidays!

The Gallagher Family
