Secret Santa

In a not so distant past but what seems like _____number_____ years ago, 4 amazing women were brought together by beer and the want to get to know new _____Noun Plural_____. In just a few hours they discovered the struggle of using _____Location_____ money, that 2 of them both worked at _____location_____ and they all shared a love of crime and _____beverage_____. From that day forward the relationship blossomed into a beautiful _____Noun_____. For the next 4 months, life seemed great. They would go out to dinner, go _____Verb Base Form_____ and overall just supported one another (with Sarah constantly trying to set Victoria up along the way). Fast forward to March 16th, a stay at home order is issued. Slowly one by one _____Noun_____ start to disappear. First Adrienne, she _____mode of transportation_____ across the country and end up in Tennessee to be with the love of her life. Then Victoria sells all her belonging and begins to travel the country in her _____Noun_____. Suddenly the wolf pack of 4 has shrank to 2. Anna and Sarah continue to get together and _____Verb Base Form_____ their lives but a part of them was always missing. The thing that keeps each girl going is the knowledge that one day thy would be together again and the _____animal pack_____ would be whole. July 3rd the girls will be reunited, however there is a twist. Having Adrienne, Anna and Victoria looking up at Sarah and Alec exchange their vows just doesn't seem right. What seems right is having the three of them stand at the alter beside Sarah. I am so grateful to have met you all. YOu have truly become some of my closest friends and cannot imagine how I would have survived COVID without all. I would love nothing more then for you three to be my bridemaids.
