Mad about AO

There once was a girl named First Name of a Person. She decided to take a Verb Past Tense. Her courage was high and her excitement was Verb Past Tense. She entered a world of ALP, WOP, ADB and FOC. Completely confused and totally out of her Location she first had to master FX, cold and calculated to the Adjective. Then came the test, oh the test! But one and done she sure won! Now onto the ASM... excitement, fear, self doubt and potential all rolled into Noun. Now on to Zoom a zoom zoom. What a world...what a Adjective? Where's my camera, I'm muted again, why do they want to see me or hear me? I don't want them to see me or hear me! Scripts??? What am I supposed to do with those? Shhh, I can't talk on the phone when your telling me something and Verb Present ends in ING...whoa is this zoom thing! TALK LOUD they tell me, speak with confidence...that's hard when you don't know what the heck you're saying...can't I just say it my way? Nope, that's not the way. Okay, let's try another way. Part D? That's the end of the Noun, wouldn't it make sense to start at the Verb Present ends in ING? These people are making no sense but okay giving it my all today. Shoot your videos, do your online training, attend meetings...they say this is like Boot Camp? I might prefer to run 12 miles with a backpack...am I ever going to get through this? Ok, A & D approved! What? You can't be serious...I have to talk to Proper Noun Plural 4 times about no-cost benefits (bites lip and nods). 1,2,3,4...yikes that was tough not what I wanted to do but now I have referrals which they tell me are the most important but we work with unions? I hope this makes sense someday! Ok, today is the big day...A to D and I'm on my Verb Base Form. Sweaty palms, hot circle light in my face, my hair looks funny in the camera, I can't stop staring at myself on screen...FOCUS FOCUS FOCUS...Ok, they're here! Checking my starting

list, they can _____ Adjective me, _____ Adjective me and I can _____ Adjective most of them after they

took it out from the side of their face. Got a few of those referrals they wanted me to get, that's a good start.

Alright, we're rolling into Freedom of Choice...mental note to transfer emotion...I think they understood what I

was saying...script is holding fairly well and oh boy I have to close this now, that's why D is the most

_____ Adjective !! (Self chuckle) HOLY CRAP THEY'RE GOING TO _____ Verb Base Form IT!!! Um, what

now? Oh, EAPP...I think I can, I think I can...what's this _____ Noun again? Should I look like an idiot and

call my manager??? UGH...nope, I've got this! To all our Ladies of AO...LET'S GO & GROW!!! YOU'VE GOT

_____ Noun !!!
