Working from Home 3

Every day I get up in the morning and get ready for work. I roll out of my bed, take a shower,
brush my Part of Body, and walk the long commute to Location. Since the pandemic, me and
many of my co-workers have been working from home. Working from home has some great
benefits. I like being able to wear myAdjective pajama pants because no one can see me
from the Part of Body down.
Some of my co-workers have to get their kids signed into virtual learning in the morning so they can study
Noun Plural and Noun Plural . When they aren't virtual learning other things like verb
Present ends in ING and Verb Present ends in ING, they pass by our meeting to say "Event"!
Occasionally one of our pets will make a guest appearance in a meeting. I have a old
She naps most of the day, so you may not see her very much in our meetings, but you may hear
her Adverb Verb Present ends in ING in the background.
They say we might be able to return to working at our normal job site in in about
Number months. We will have a big celebration when everyone returns and we will all shout "
