A Letter to Juliana on her Birthday

Dear Juliana, Here is to wishing a(n) Adjective birthday to my Adjective Relationship. I hope your Number birthday is filled with Noun Plural and Noun Plural, and you get all sorts of Noun Plural, especially of the Adjective variety. You are possibly the Adjective Ends in EST person I know, and you deserve plenty of Noun Plural. My life would be Adjective without you, so here's to many more Adjective years of Verb Present ends in ING and Verb Present ends in ING. Letter closing, Your Name
