## **Mars Rover Science**

The Adjecti	science question for the Mars Exploration Rovers is how past activity on
Mars has influ	enced the red planet's over time. While there is no liquid on the
surface of	Proper Noun today, the record of past water activity on Mars can be found in the
Noun Plural	, minerals, and geologic landforms, particularly in those that can only form in the presence of
Noun	. That's why the are specially equipped with to study a
Adjective	collection of rocks and Noun Plural that may hold clues to past activity
on Mars.
