# Magic in the Jungle

Once upon a time, in the \_\_\_\_\_ Noun there lived a tiger and that tiger's name was Missy. Missy was 5 years old when a horrible thing happened. It was a sunny and bright day and Mama and Papa Tiger were looking for food and Missy was playing in their home. She got a little tired, so she went looking for her Mama and Papa, but they were not at the cinema. Missy was incredibly sad, but she went looking for them. She looked every day but she did not find them. A year passed, then another. She was really scared as she was only 7. She went to the wise old monkey and he said, "Do you know what REAL magic is my young friend?" "Um love?" said Missy. "NO MY YOUNG FRIEND, THE REAL MAGIC IS NOT LOVE OR UNICORNS AND RAINBOWS!! THIS MAGIC CAN HELP YOU FIND YOUR PARENTS!!!" said the wise old monkey. "What?!?!?" said Missy. Just then a big cloud of smoke filled the room. Missy turned and saw her Mama and Papa! She was so happy she never left their side again!
