# My Cubicle

My cubicle is Adjective. It is the Adjective Ends in EST in the office. I have a Noun on my desk next to a(n) Adjective Noun. In my drawer, I also have a(n) Adjective Noun. One time, a coworker tried to Verb Base Form a Noun on my desk. I said to him "Hey! How would like it if I Verb Past Tense your Noun? I'll do it if you don't leave."

My one complaint about my cubicle is that it is Adjective. I think everyone here at the office complains about this. We also complain that our cubicles are Adjective. If we had money in our budget, my boss could purchase some Noun Plural to help alleviate this problem. Our boss doesn't understand. His office is the size of Noun. He has enough room in his office to put up a Noun and a Noun in there.
