At The Doctor's Office

Your [Body Part] has been [Verb Present ends in ING] for weeks, so now you find yourself in the waiting room at the doctor's office filling out paperwork. A nurse finally calls you back to take your vitals and asks some questions: "Do you [Verb Base Form]?" "How many [Noun Plural] do you consume?" " How is your [Noun] life?" When the doctor comes in, he asks you to [Verb Base Form] your symptoms. "These things are usually caused by [emotion]," he explains.

The doctor then says he is going to order some tests and turns you over to a(n) [Noun] who has you [Verb Base Form] into a cup and performs a venipuncture. It takes [number] attempts to insert the needle correctly. After that, they send you home. A few days later, your doctor calls with the results. "Well everything came back [Adjective], so just take some [OTC Drug] and get some rest, and you'll probably be fine." [number] dollars well spent.
