Dr. Breen Speeches from Half Life 2

You have chosen, or been chosen, to relocate to one of our finest remaining _____Adjective_____ _____Plural Type_____ _____of Building_____. I thought so much of _____Location_____ 17 that I elected to establish my Administration here, in the _____Name of Building_____ so thoughtfully provided by Our Benefactors. I have been proud to call _____Location_____ 17 my home. And so, whether you are here to stay, or passing through on your way to parts unknown, welcome to _____Location_____ 17. It's safer here.

Let me read a letter I recently received. "Dear Dr. _____Last Name_____. Why has the _____Proper Noun_____ seen fit to suppress our reproductive cycle? Sincerely, A _____Adjective_____ Citizen."

Thank you for writing, _____Adjective_____. Of course, your question touches on one of the most basic biological impulses, with all its associated hopes and fears for the future of the species. I also detect some _____Adjective_____ questions. Do our benefactors really know what's best for us? What gives them the right to make this kind of decision for _____Noun_____? Will they ever deactivate the suppression field and let us _____Verb Base Form_____ again?

Allow me to address the _____Noun Plural_____ underlying your concerns, rather than try to answer every possible question you might have left unvoiced. First, let us consider the fact that for the first time ever, as a species, _____Noun_____ is in our reach. This simple fact has far-reaching implications. It requires radical rethinking and revision

of our genetic _____Noun Plural_____. It also requires planning and forethought that run in direct opposition to our neural _____Noun Plural_____.

I find it helpful at times like these to remind myself that our true enemy is _____Proper Noun Plural_____. _____Noun_____ was our mother when we were an infant species. _____Noun_____ coddled us and kept us safe in those _____Adjective_____ years when we hardened our _____Noun Plural_____ and cooked our first meals above a meager _____Noun_____ and startled at the _____Noun Plural_____ that leapt upon the cavern's _____Noun Plural_____. But inseparable from Instinct is its dark twin, _____Concept_____. _____Noun_____ is inextricably bound to _____Adjective_____ impulses, and today we clearly see its true nature. _____Noun_____ has just become aware of its irrelevance, and like a cornered _____Animal_____, it will not go down without a bloody fight. _____Noun_____ would inflict a _____Adjective_____ injury on our species. _____Noun_____ creates its own oppressors, and bids us _____Verb Present Tense Modifying a Preposition_____ up against them. Instinct tells us that the unknown is a threat, rather than an opportunity. _____Noun_____ _____Adverb_____ and _____Adverb_____ compels us away from change and _____Noun_____. _____Noun_____, therefore, must be expunged. It must be fought _____Body Part_____ and _____Body Part_____, beginning with the basest of human _____Noun Plural_____: The urge to _____Verb Base Form_____.

We should thank our benefactors for giving us respite from this overpowering _____Noun_____. They have thrown a switch and _____Verb Past Tense Modifying Noun_____ our _____Noun Plural_____ in a single stroke. They have given us the strength we never could have summoned to overcome this _____Noun_____. They have given us _____Concept_____. They

have turned our _____Body Part Plural_____ toward the _____Noun Plural_____.

Let me assure you that the suppressing field will be shut off on the day that we have mastered _____Noun Plural_____ ...the day we can prove we no longer need _____Noun_____. And that day of transformation, I have it on good authority, is close at hand.

We now have direct confirmation of a _____Noun_____ in our midst, one who has acquired an almost _____Adjective_____ reputation in the minds of certain citizens. His figure is synonymous with the darkest urges of instinct, ignorance and _____Concept_____. Some of the worst excesses of the _____Cool Name_____ _____Cool Name_____ Incident have been laid directly at his feet. And yet _____Adjective_____ minds continue to imbue him with _____Adjective_____ power, giving him such dangerous poetic labels as the _____Cool Name_____ _____Cool Name_____ Man, the _____Job Title_____ of the Way.

Let me remind all citizens of the dangers of magical _____Verb Present ends in ING_____. We have scarcely begun to climb from the dark _____Noun_____ of our species' _____Noun_____. Let us not slide backward into _____Noun_____, just as we have finally begun to see the _____Noun_____. If you see this so-called _____Cool Name_____ Man, _____Verb Present Tense Modifying Noun_____ him. Civic deeds do not go unrewarded. And contrariwise, complicity with his cause will not go unpunished.

I

have been asked to say a few words to the transhuman _____Body Part_____ of Sector Seventeen _____Cool Name for a Group_____, concerning recent successes in containing members of the _____Adjective_____ Science Team.

Let me say up front that I regret having to temper my heartfelt congratulations with a strong measure of _____Noun_____. But I wouldn't be doing my duty as your _____Job Title_____ if I didn't pass along the message I have received from Our _____Job Title Plural_____.

The capture of _____First Name_____ _____Last Name_____ is an event of major significance, make no mistake. And while it's true that conceivably we could have taken him at almost any time in the last several years, the manner of his capture may prove to have unexpected benefits. It cannot have gone unnoticed by all resistance members that Doctor _____Last Name Possessive_____ capture coincided with the act of giving _____Noun_____ to _____First Name_____ _____Last Name_____. This might cause other resistance members to think twice before harbouring Doctor _____Last Name_____. It might cause them to question his allegiance; even prompt some to turn him out, or turn him over to our cause. However, we cannot count on such developments. Doctor _____Last Name Possessive_____ reputation is such that other desperate _____Noun Plural_____ are likely to grant him a great deal of license in the spirit of spreading general _____Concept_____ and _____Concept_____.

This brings me to the one note of disappointment I must echo from our _____Cool Name for a Group_____. Obviously I am not on the ground to closely command or second-guess the dedicated forces of the _____Cool Name for a Group_____, but

this does not mean I can shirk responsibility for recent lapses and even outright failures on their part. I have been severely questioned about these shortcomings, and now must put the question to you: How could one man have slipped through your force's _____Body Part Plural_____ time and time again? How is it possible? This is not some agent provocateur or highly trained _____Noun_____ we are discussing. _____First Name_____ _____Last Name_____ is a theoretical _____job title_____ who had hardly earned the distinction of his _____degree of education_____.D. at the time of the _____Capitalized Color_____ _____Capitalized Type of Natural Geography_____ Incident. I have good reason to believe that in the intervening years, he was in a state that precluded further development of covert skills. The man you have consistently failed to _____Verb Base Form_____, let alone _____Verb Base Form_____, is by all standards simply that--an ordinary _____Noun_____. How can you have failed to apprehend him?

Well...I will leave the _____Verb Present ends in ING_____ for another time, to the extent it proves necessary. Now is the moment to redeem yourselves. If the _____Adjective_____ forces are to prove themselves an indispensable augmentation to the _____Cool Name_____ _____Cool Name_____, they will have to earn the privilege. I'm sure I don't have to remind you that the alternative, if you can call it that, is total _____Creepy Concept_____ - in union with all the other unworthy branches of the species. Let's not allow it to come to that. I have done my best to convince Our _____Cool Name for a Group Plural_____ that you are the finest the species has to offer. So far they have accepted my argument, but without concrete _____Noun_____ to back it up, my words sound increasingly _____Adjective_____ even to me. The burden of _____Noun_____ is on you. As is the consequence of _____Concept_____. I'll just leave it at that
