She went on to say that _____First Name_____ told her to practice because she may need to know how to defend herself someday. I almost freaked out, but asked her what _____First Name_____ looked like. She said he was tall, _____Adjective_____, and had blue _____body part plural_____. She said, "_____First Name_____, you KNOW how he looks - you know him! He died of a _____concept_____." I had to leave the room. You see, 4 months before she was born, my tall, _____Adjective_____, blue eyed, martial arts-pro _____Noun_____ had died of a _____body part_____ aneurysm at the age of _____number_____ _____number_____ She has not spoken of him since that day, so I'm not sure if I scared her with my reaction or if she had completed her lessons."
