The failed business

<u>Number</u> years ago, there was a farmer named <u>First Name of a Person</u> who owned <u>Number</u> acres of <u>Noun</u> fields. Each fall he would harvest his crop and take it to a market where it would be made into <u>Noun</u>. This was a very <u>Adjective</u> and expensive process, so he was paid very little for his crop. He decided to try starting his own business. He hired workers from <u>Country Name</u>, <u>Country Name</u>, and <u>Country Name</u>. For months they worked day and night trying to perfect a process but couldn't get it right. The first time they tried, they made <u>Noun</u>. The second time they tried, they made <u>Noun</u>. After they made <u>Noun</u> the third time, the farmer's farm house was raided by the IRS because he couldn't pay his taxes as a result of him spending too much money on trying to start his own business. After spending <u>Number</u> years in prison, he got out and became a <u>Occupation</u> worker.
