# Noise IR

On Thursday, June 20th of 2024, RA \_\_\_\_\_ got called to an incident in \_\_\_\_\_. The \_\_\_\_\_ was Resident \_\_\_\_\_ who said that her neighbors were making a lot of \_\_\_\_\_. \_\_\_\_\_ said that she never got enough \_\_\_\_\_ because the room next door would always play their \_\_\_\_\_ for sleep really loud and she could hear it through the \_\_\_\_\_. They also played \_\_\_\_\_ music very loud and it bothered \_\_\_\_\_. \_\_\_\_\_ said her room number was 223 and the neighbors she was reporting were 224. RA \_\_\_\_\_ went down and knocked on 224, resident \_\_\_\_\_ opened the door and RA \_\_\_\_\_ heard the music and \_\_\_\_\_. RA \_\_\_\_\_ informed \_\_\_\_\_ that her music and \_\_\_\_\_ were too loud and others were trying to sleep. The time was 12:34am, so it was past \_\_\_\_\_ hours and she had to \_\_\_\_\_ it down or it would be an immediate \_\_\_\_\_ violation. \_\_\_\_\_ said that she only has her music and \_\_\_\_\_ so loud because she has trouble \_\_\_\_\_ and needs to sleep early to wake up early but her neighbors in 223 are always \_\_\_\_\_ and \_\_\_\_\_ until midnight. \_\_\_\_\_ says she keeps her \_\_\_\_\_ and \_\_\_\_\_ on because she doesn't always fully fall asleep and needs it to go back to sleep. RA \_\_\_\_\_ assured \_\_\_\_\_ they would speak to room 223 about their \_\_\_\_\_, but that \_\_\_\_\_ still had to reduce the volume of her audio. \_\_\_\_\_ agreed and reduced the volume \_\_\_\_\_ and then RA \_\_\_\_\_ went to room 223. \_\_\_\_\_ opened the door and RA \_\_\_\_\_ explained what \_\_\_\_\_ told them. \_\_\_\_\_ said she doesn't

sleep until midnight and usually catches up with her roommate until then but they will reduce the noise. The roommate's name is       Name 4       but was not present at the time of the incident.
