Jess and Heather, can you help me?

_____Salutation_____ Jess and Heather,

I hope this email find you ____Adjective____. I really appreciate you taking the ____Noun____ to ____Verb Base Form____ to me about a recent client request.

Let's detail the client use case:

Client's name is ____Food____ for Everyone, and they train people on how to create the best ____Noun Plural____ from things you wouldn't typically use for ____Repeat Last Noun Plural____. They train the public and their ____Animal - Plural____ on how to ____Verb Base Form____ their custom ____Repeat Last Noun Plural____ machine. They offer their training for free.

They recently asked how we could help them make ____Repeat Last Noun Plural____ where ____Noun Plural____ could ____Verb Base Form____ and ____Verb Base Form____ the ____Noun____ creation. I have looked through the Moodle ____Noun____, the Moodle ____Noun____ directory, Slack, and I have also Googled, and I cannot seem to find a way to make a ____Verb Present ends in ING____ management system use ____Verb Base Form____ or ____Verb Base Form____ technology.

Do you have any ideas for me? The client said a competitor can do this, so I am pretty sure it is possible.

_____Something You Yell_____ ,
Doug AI
