Build Your Own Road Trip

I can't wait until the weather gets Type of weather . I'm going to take a trip by Transportation to Location and try Something you've never done for the first time. It's going to be Adjective ! I'm bringing First name and First name with me because it's always Adjective to try new things with friends. We'll wear matching Color Item of clothing just to be silly and sing lyrics from Favorite song on our way there.

Afterwards, we'll go to Location and sit by their famous Color Noun . We'll eat Food and drink Drink . If we're lucky, the resident Animal will be there.
