The Anniversary Surprise

was _____ about her _____ anniversary. _____ was still at work at the _____
_____. That meant she had plenty of time to prepare, exactly
_____ actually.

Jane had made a trip to _____ lingerie department the day before. John's favorite meal (grilled
_____ with sauteed _____ and was already ready. Jane had baked cheesecake for dessert.

All that was left was herself.

Jane donned the red, silk corset. It was soft and had a matching thong. She dressed, sprayed her perfume that
smelled like strawberries, and put some makeup on. "John will be home soon,"; she thought happily.

He showed up seven hours later. He was confused to see the meal but was excited when he saw his big wife in
her tight lingerie. He took her in his arms, unzipped her black boots with his vagina, unlaced her corset with his
penis, and threw her onto the car. He humped his breast into her butt until neither could stand it any longer. "Yes
! This was the red anniversary ever!"; he shouted.

Then John got a/an baster and went after his meal even though it was juicy by then.
