Dear Diary

Dear diary,

I met the Adjective ending in 'est' guy last week. His name is A guy you know Adjective. It's a(n) Adjective last name, I know, but believe me, he is anything but adjective. He has the adjective ending in 'est' eyes and very Adjective Plural body part. After only Number minutes with him he told me how Adjective I am and he even bought me a(n) Noun. He is beyond generous, he is Adjective. I never thought that a guy like him existed. I thought I would be doomed to spend the rest of my life being in relationships with guys who are obsessed with Plural noun like my ex, Ex boyfriend. My new man has proved me wrong. Since he's been so nice to me I think I'm going to buy him a(n) Noun for his birthday. He said those are his favorite. Tomorrow he's taking me to Place and then we are going to his house to play Game with his grandma. She's Adjective so I don't mind. I think it'll be Emotion (fun boring).

Thanks for listening Diary,

 Your name .
